

MorphyDeck № 001 · Core Builders

Print, cut, and slide the pieces together to build real words.

un + report + ed = unreported

The root card's arms rest over the notches — pieces slide together like a puzzle.

How to use this deck

1. Cut along the dashed grid lines, then trim each card along its solid colored outline.
2. Lay a blue ROOT card in the middle. Slide a green PREFIX on the left, a gold SUFFIX on the right.
3. Say the word you built. Not every combination is real — that's part of the discovery. Check the Word Key cards to see which ones are.
4. Swap one piece at a time and watch the meaning change.

Prefix Cards · green · left side

Cut along the dashed grid lines, then trim each card along its solid outline. Keep the notches!

PREFIX un- <i>not</i> EXAMPLES unrest unreported uncountable  MorphyLearn № 001	PREFIX re- <i>again</i> EXAMPLES reuse replay recount  MorphyLearn № 001	PREFIX dis- <i>not</i> EXAMPLES discount discomfort discomforting  MorphyLearn № 001
